BASIC DIRECTIVE

TECHNICAL INDUSTRIAL INTELLIGENCE COMMITTEE

ORGANIZATION

1. The Joint Intelligence Committee under the authority contained in Paragraph 10 of its Charter "to establish, with the cooperation of interested departments of the government, subcommittees of experts on subjects of continuing special interest", hereby establishes a Technical Industrial Intelligence Committee (T.I.I.C.) as a permanent subcommittee for the purposes indicated herein.

MEMBERSHIP

2. The basic membership of the Technical Industrial Intelligence Committee shall consist of a Chairman with wide experience in the field of industrial technology, designated by the Foreign Economic Administration with the approval of the Joint Intelligence Committee, one member designated by each of the other member agencies of the J.I.C., and one member each designated by the Chairman, War Production Board and the Director, Office of Scientific Research and Development.

3. The members of the T.I.I.C. shall be available for full-time service and shall be quartered together.

4. The membership of the Technical Industrial Intelligence Committee shall include representatives from such other agencies as the Joint Intelligence Committee may designate from time to time.

RESTRICTED

FUNCTIONS

5. The functions of the Technical Industrial Intelligence Committee shall be:

a. To receive, approve, and coordinate all governmental requests originating in the United States for investigations in liberated and enemy areas of Europe pertaining to industrial processes, patents, inventions, engineering, and "know-how" required to aid United States production, facilitate economic measures related to military government and

[REDACTED] The kinds of Intelligence excluded from the scope of C.I.O.S. by its charter are excluded from the scope of T.I.I.C.

b. To initiate plans for intelligence operations on included subjects in cases where these have not been otherwise initiated.

c. To suggest to the U. S. members of the C.I.O.S. the relative degree of urgency attached to information on various subjects. The C.I.O.S., however, will continue to fix the actual working priorities for investigations.

d. To arrange for the preparation of pertinent intelligence requests and adequate plans for the accomplishment of each given intelligence objective, and for the provision of expert personnel for technical investigation on the spot.

e. To submit such requests and plans to the C.I.O.S. and to make such arrangements with the C.I.O.S. as may be necessary in connection with the procurement of the Intelligence desired.

PROCEDURE

6. The Technical Industrial Intelligence Committee shall:

a. Establish its own internal procedure.

b. Implement its agreed decisions except in matters of

RESTRICTED

c. Refer to the Joint Intelligence Committee any question upon which prompt agreement cannot be reached.

d. Obtain from the Foreign Economic Administration such administrative and technical assistance as may be required in addition to the committee's own members for the work of coordinating plans.

7. The T.I.I.C. may delegate its functions to subcommittees, and may invite representation thereon of departments other than those mentioned in paragraph 2 above.

8. The T.I.I.C. is authorized to request of U.S. governmental departments or agencies information and assistance required for the performance of its duties.
